CITY'S HEALTH
HEADS OUTLINE
NEW CAMPAIGN

Systematic Drive Against Small Pox, Diphtheria Planned

BIRTH RECORDS
TO BE CHECKED

Children Under 6 To Be
Vaccinated and Im-
munized

The city's health department, backed by the pledged cooperation of the medical profession and staffs of both local hospitals, has launched a campaign to complete and verify recent birth records and to extend vaccination against smallpox and diphtheria immunization of children before they reach the age of one year.

The plan for the whole program was originated by Dr. R. T. Holzbach, health commissioner. A state nurse, here earlier this week, endorsed the plan and carried back with her a report to the state health department.

Point to Danger Period
Board of health attaches explain that the diphtheria mortality rate is highest between the years of two and three and that 65 per cent of the deaths are under five years. After a child starts to school, he, or she, is past the danger period.

The campaign of the health department is to check on all children under six years, urge their parents to have them vaccinated and immunized, at the same time verifying the department's birth records and issuing birth certificates to parents who, for some reason, never received any.

The health officers expect to be swamped with work and the program will take at least a year before the parents of all children in the city, from one to six, are contacted.

After that the health department will check only the children reaching the age of one, for by that time, all others will have been treated and protected against disease.

Letters Sent Out
This week, letters, accompanied by stamped self-addressed cards, were mailed to parents of children born in 1933 (these children are soon to start to school) and parents of children born in January of 1938.

These January babies of last year are now a year old. Next month the department will check children born in February, 1938, and, after records of children born in 1933 are completed, the 1934 babies will be checked and so on up to the present time.

The letters being sent out warn parents that when their children

Mr. Coy, who was born Dec. 13, 1866, Green township, was the son of Silas and Anna Coy. He was married to Mary E. Coy. He had three children: Wesley, a road contractor, who was a member of the Canfield Christian church and was an elder in the church. He belonged to the Canfield Masonic lodge.

Surviving is his brother, Wesley, of Greenford, and a number of nieces and nephews. One brother, Emerson, preceded him in death.

Funeral service will be held at 2 p. m. Monday in the Canfield Christian church. Burial will be in the Canfield cemetery.

Friends may call Sunday evening at the Arbaugh-Pearce funeral home here.

Owing to the serious illness of Wesley Coy, friends and relatives who attend the service are requested to meet in the church at Canfield.

Music Is Featured
By Goshen Grangers

Group singing of old familiar songs, a musical quiz and a musical exhibit featured the lecture hour of Goshen grange Friday evening.

Miss Virginia Hollinger contributed a reading, "When People Sing." Miss Naomi Shinn and Miss Edith Sanders offered vocal solos; Miss Priscilla Beery a piano solo; Frank J. Yengling harmonica and guitar solos and Janet Fieldhouse recited "Your Nose and the Grindstone."

Three new members were elected to membership, and one was obligated in the first and second degrees.

As a result of a recent county officers meeting, Goshen grange will participate in a series of project meetings, one to be held with each grange in Mahoning county, four of them in the spring and four in the fall. At each meeting one degree will be conferred in full form, a 20-minute play will be presented, and refreshments will be served.

DEBATE SALE
OF PLANES TO
FRENCH ARMY

International Observers Differ In Views On Armament Plans

(By Associated Press)
WASHINGTON, Jan. 28.—Two developments furnished new indications today of administration preference for the democracies of Great Britain and France as opposed to totalitarian nations. They are:

1. President Roosevelt disclosed close American cooperation in furthering France's aerial rearmament through placing of large orders for planes in this country.

2. Undersecretary of State Sumner Welles said in New York last night the American people would "protest, or, if need be, challenge, the foreign policy of any other nation which threatens the peace or security of the United States, or, of its nationals."

Refers to Three Nations
His remarks were interpreted generally here as referring to Germany, Italy and Japan. Welles declared:

"The people of the United States and our government have always maintained, and in practice have made it clear that they assert the right to protest and to condemn the cruel and inhuman treatment of human beings wherever such brutality occurs."

The United States has protested the treatment of Jews in Germany, the aerial bombardment of Spanish cities, and the bombardment of Chinese cities by Japanese planes.

Secretary of State Hull was reportedly to make a statement in a speech on the world situation in which he will state the United States' position toward developments in Europe and Asia.

In regard to planes, Mr. Roosevelt in effect has given the French government a hearty invitation to buy aircraft in this country. His reason—a domestic one—is that it would help American factories prepare for the national defense program as soon as it is approved by congress.

Would Aid France
But students of the international situation were quick to point out that it would give France considerable military assistance at a crucial time.

Testimony before the senate military committee disclosed that an American naval official, Capt. Sydney Moses Kraus, a naval aircraft construction expert, has been accompanying with government personnel the French air mission in this country seeking to purchase airplanes.

When France has placed her contemplated orders, Great Britain and France will have contracted for nearly 1,000 airplanes in this country.

Meanwhile, the senate committee called Gen. Milan Craig, chief of staff, to explain the army's view on the presence of a French air ministry representative in a light bombing plane that crashed at Los Angeles while undergoing tests preparatory to possible entry into competition for an army contract.

Generalissimo Francisco Franco's troops, tanks and planes, meanwhile pressed their campaign in the area north of Barcelona, capturing villages and positions along both the coastal highway to Cerbere and the inland road to Puigcerda, important frontier towns.

Insurgent dispatches said Gen. Juan Yague's Moorish column was moving on the coastal town of Arenas de Mar, 20 miles northeast of Barcelona.

Planes prepared the way with heavy bombardments of villages, railroads and communications in the refugee-jammed zone.

Sabadell, the first big station on the electric line between Barcelona and Puigcerda, fell to the insurgents yesterday. Later advance units reported pushing into the outskirts of Granollers. Sabadell is about 10

Baptists And Presbyterians
Lining Up For Bible Contest

Church "Teams" Meet at 8:30 P. M. Sunday at Baptist Church; Public Invited to Attend

Climaxing several weeks of preparation, members of the Baptist and Presbyterian churches will meet in a Bible quiz contest at the Baptist church at 8:30 p. m. Sunday. The public is invited to attend.

Arranged by Rev. S. Talmage Magann, pastor of the Baptist church, the Bible quiz has attracted widespread interest among congregations of the Baptist, Presbyterian and Christian churches. Members of the Christian church will meet the winner of Sunday night's contest in a second quiz one week from tomorrow.

Rev. Magann will be in charge of the quiz, assisted by Rev. Raymond D. Walter, pastor of the Presbyterian church, and Rev. C. F. Evans, pastor of the Christian church, who will serve as judges.

E. S. Vincent, an elder of the Presbyterian church, and E. C. Hammell, superintendent of the Baptist Sunday school, will act as

scorekeepers while Samuel Paxon of the Baptist church will be timekeeper.

One hundred questions have been selected for the initial quiz contest. They will be written on individual cards and mixed together in a bowl. The questions to be answered by the Presbyterians will be drawn from the bowl by Mary Lou Vincent. The Baptist questions will be drawn by Ruth Regal.

Each side will be allowed 30 seconds to answer a question, with any member of the side eligible to submit the answer. The group answering the most questions will be declared the winner.

Expecting a capacity audience for the quiz, Rev. Magann has arranged for the Presbyterians to sit in the front pews on the east side of the church. The front pews on the west side will be reserved for the Baptists. Visitors will sit in the rear pews.

FRANCE TAKES
WAR REFUGEES

Prepare Plans to Accommodate Limited Number of Spaniards

(By Associated Press)

PARIS, Jan. 28.—French officials geared their relief machine today to accommodate a limited number of hungry, bewildered Catalan refugees fleeing from the Spanish insurgents who pounded their way northward from Barcelona.

Perched on suitcases and bundles, crowds of refugees waited at the end of a dead-end street, blocked on their own side by grayed carabinieri and on the French border by mobile guards reinforced by military officers.

Cabinet To Decide
The French cabinet was to decide today how many would be allowed to enter. News that a few would be let in already had crossed the border, sending a renewed wave of hope through the bedraggled crowd.

Generalissimo Francisco Franco's troops, tanks and planes, meanwhile pressed their campaign in the area north of Barcelona, capturing villages and positions along both the coastal highway to Cerbere and the inland road to Puigcerda, important frontier towns.

Insurgent dispatches said Gen. Juan Yague's Moorish column was moving on the coastal town of Arenas de Mar, 20 miles northeast of Barcelona.

LEWIS ATTACKS
WPA DISMISSAL

Hits Action Taking Mothers and Aged Off Relief Roster

WASHINGTON, D. C., Jan. 28.—Resentment mounted today among Ohio congressmen over action of WPA officials in summarily dismissing from work relief rolls mothers of dependent children and aged persons, eligible for social security benefits.

Representative Earl R. Lewis, St. Clairsville, Republican, wrote to Col. F. C. Harrington, WPA administrator, complaining of discrimination against Ohio. Lewis said similar dismissals in Massachusetts have been delayed until February 1.

The congressman charged that the Ohio dismissals of those least able to support themselves were intended to build up pressure upon congress to appropriate more funds for the relief agency. "I am opposed," he declared, "to the discharge of mothers of dependents and workers over 65 years of age before they are assured of adequate assistance from other sources. The President and the WPA administrator are responsible for the dismissal order, and the same group is likewise responsible for the limitation included in the grants under the Social Security Act."

Citing official figures given the house appropriations committee by Colonel Harrington during hearings on the \$875,000,000 relief bill which the house cut to \$725,000,000, Lewis declared:

"If WPA hadn't increased its monthly allocation for Ohio from \$12,667,417 last April to \$22,633,127, last October for political purposes, they would have sufficient money today."

"If the administration will take politics out of relief and correct other abuses which are a matter of common knowledge throughout every community, this will provide extra money for actual needs and there will be no hesitation in congress about providing whatever additional funds are necessary. By its action on the recent temporary relief bill, congress has issued a warning that this must be done."

The house has approved an amendment to the relief bill which would nullify the order regarding dismissal of those eligible for social security benefits.

BRITISH CHIEF
JOLTS CABINET

Puts New Drive Into Defense and Agriculture Ministries

(By Associated Press)

LONDON, Jan. 28.—Prime Minister Chamberlain shook up his cabinet today to put new drive into the defense and agriculture ministries—both vital to Britain's ability to wage war—at a time of heightening European tension.

Admiral of the Fleet Lord Chatfield, one of the key figures in Britain's vast naval rearmament program, was brought into the cabinet as minister for coordination of defense.

He replaced Sir Thomas Inskip, who had held the post since March 13, 1936. Sir Thomas took the dominions portfolio which Malcolm MacDonald had been holding along with the secretaryship of colonies.

W. S. Morrison, who like Sir Thomas has been a constant target of criticism, moved from the ministry of agriculture to become chancellor of the duchy of Lancaster.

Major Sir Reginald Hugh Dorman-Smith, former president of the National Farmers' union and a retired farmer, replaced Morrison.

The aristocratic Earl Winterston was demoted from the chancellorship of the duchy of Lancaster to the post of paymaster general. He lost his seat in the cabinet and will receive no pay in his new position.

The Earl of Munster was named as parliamentary undersecretary of war, replacing Lord Strathcona of Mount Royal.

Lord Strathcona's departure indicated that War Minister Leslie Hore-Belisha still retained Chamberlain's confidence despite attacks on his alleged delay in equipping Britain for war.

Steals Shotguns,
Must Enter Pen

LISBON, Jan. 28.—Carl Hanson of Fairfield township was sentenced to the penitentiary from one to seven years Friday afternoon by Judge W. F. Lones after Hanson withdrew a not guilty plea to an indictment charging grand larceny.

Hanson was accused of stealing three shotguns from Edwin Birch of near Columbiana.

Ralph Nelson of Wellsville was sentenced to the county jail for 30 days yesterday afternoon when he withdrew a not guilty plea on an indictment charging petit larceny. Nelson was charged with stealing \$15 worth of scrap iron from the Pennsylvania railroad.

Russ Higgins of East Liverpool was placed on probation for five years when he pleaded guilty to a charge of auto theft. He was arrested at Wilmington, several weeks ago by state patrolmen and returned to Columbiana county.

Psychiatrist Dead

COLUMBUS, Jan. 28.—Dr. Charles Butterfield Rogers, 73, widely known psychiatrist, died last night. A native of Barnesville, he was graduated from old Miami Medical college in 1897. The following year he became associated with the Cincinnati sanitarium. Later he was medical director of the Orchard Springs sanitarium in Dayton and also headed the state bureau of mental classification and segregation.

Congress predicts Request For Added WPA Appropriation

(By Associated Press)

WASHINGTON, Jan. 28.—Beaten by one vote in their fight to restore a \$150,000,000 cut in the relief bill, administration senators expressed certainly that President Roosevelt would ask congress for a further WPA appropriation.

"It's just as sure as the sunrise tomorrow," said Democratic Leader Barkley after the senate yesterday accepted, 47 to 46, the house-approved relief fund of \$725,000,000.

"Under the bill," Barkley added, "the relief rolls will be retained at about the present 3,000,000 level during February and March, but a precipitate drop would occur the first of April. The President early in March will have to ask for an extra \$150,000,000 to prevent that sharp decline."

Administration Rebuffed
The see-saw roll call, which kept senators and a crowded gallery in suspense until the last name had been read, completed a rebuff of the administration on the session's first major legislation.

Mr. Roosevelt in a special message had asked for \$875,000,000 to operate the WPA until July 1. An economy-minded house committee chipped \$150,000,000 from the appropriation. The house agreed to the reduction without a roll call.

Then the senate appropriations committee followed suit. Administration forces and advocates of the smaller fund—the latter included Republicans and a score of Democrats—jockeyed all week for the advantage in the senate itself.

Opponents of the \$875,000,000 fund said Vice President Garner had worked with them behind the scenes. He was in a cabinet meeting during the roll call yesterday, and friends said afterward he was delighted at the vote but maintained a "poker face."

Storm Warning
There was no doubt among the anti-New Dealers and little among administration supporters that the 47 to 46 rejection amounted to a storm warning for future congressional action on some other White House proposals, especially those concerning appropriations.

Members of the senate "economy bloc" were plainly jubilant over the outcome, but several agreed with

Music for the dancing, which will commence at 9, will be provided by Art White's orchestra. Several hundred persons are expected to attend, if dances held in the past are any indication.

Proceeds of the affair will aid the national campaign against infantile paralysis, while 50 per cent of the money raised will be retained by the county committee to aid the work in this locality.

The national fight against the disease was started 12 years ago. Trustees of the National Foundation for Infantile Paralysis have voted for the establishment of a permanent chapter, non chapters to be formed in the different counties after the current campaign for funds closes Jan. 30.

Atty. G. W. Crawford of East Liverpool has been named county chairman.

BIRDS EYE VIEW

It's a long jump from the close of the World war when the United States, under the leadership of a president who had an unusually vivid conception of the brotherhood of man, refused to claim any spoils, to the apparent victory of Gen. Franco's forces in Spain.

Taking that jump is, however, a fine way to get a birds eye view of a fundamental difference in political philosophies.

Europe thought the United States was crazy for being satisfied with nothing more tangible than victory for an idea in the World war. It wasn't realistic. It wasn't smart. Europe grabbed the spoils and has been quarreling about them ever since.

That's the European way—the realistic way. It's why no one seriously believes Premier Mussolini, who sent help to Gen. Franco, will be satisfied to let Spain alone. The Italian dictator is not only European, but totalitarian, and the motto of totalitarianism is to accumulate everything which isn't nailed down, and to pry loose what is nailed down. It's materialism gone wild, where democracy, as totalitarians look at it, is idealism gone to seed.

BIGGEST THING SINCE THEN

All joking aside, it was impressive to read in the post-battle writings that Joe Louis has a new method for disposing of his opponents. He will smack 'em down in short order from now on, the way he smacked down John Henry Lewis Wednesday night.

If the champion can stick to this promise, and there's nothing in sight at the moment to stop him, it will be the biggest thing that ever happened to those anonymous ham and egg men who fight in the preliminary bouts.

The customers will have to be on hand for the main bout, or they'll miss it entirely by being seconds late. That will assure the preliminary fighters a large audience. They will become better known. The "other" bouts on the card will begin to get attention. Patrons of the many art of modified murder will realize they've been getting a break all these years without appreciating it.

The whole thing looks like the biggest thing in amusement circles since the first man discovered that the other feature of the double feature show was better than the one he went to see.

HELP FOR CHILE

Chile lies in one of the world's earthquake zones. Though it has experienced many quakes in the past, the country never before has had a disaster of the magnitude indicated by estimates of the destruction which this week's upheaval caused.

A true picture must wait on restoration of communication. Even then it will be days before accurate accounts of the damage can be made. In the Japanese earthquakes of 1923, almost 100,000 persons were killed, more than that number injured and close to 50,000 reported missing, but weeks were required to compile these totals. Fire and pestilence were as destructive as the earthquake itself.

Americans recall how they helped Japan recover from its great disaster. They would welcome an opportunity to send aid to Chile. At a time of calamity there is a fixed obligation, cheerfully accepted by citizens of this country, to lend a hand. It is an expression of the generosity of a free and sympathetic people.

They would like to help Chile if its people have need of assistance from their good neighbor in North America.

TRYING IT AGAIN

Thomas E. Deay, beginning his second prosecution of the case of James J. Hines, isn't threatening to capture the governorship of New York for the Republican party this time.

The judge on the bench won't be Ferdinand Pecora. Because it's winter in New York it isn't likely that hoodlums will gather each day to boo lustily on occasion at the sight of a public prosecutor trying to clean up their city.

The Tammany tiger may be kept penned up, too. Perhaps, if justice gets a break, there won't be an atmosphere surcharged with politics and partisanship, but merely the calm air which surround men charged with performing routine public duties.

Anything else this time would make the Hines case something less than a credit to those concerned in it. One fiasco's enough.

AND NOW BARCELONA

Commentators on the scene have noted frequently that whereas the Spanish insurgents possess a marked superiority of equipment and trained leadership, the loyalists have had an advantage in morals throughout the civil war.

Whatever may be the reason for this circumstance, it now comes to the fore in the impending action at Barcelona. Dispatches tell of huge concentrations of equipment to overwhelm the city. The impression of force is partly overcome, however, by descriptions of loyalist preparations to defend their last stronghold.

At the outset it seems important that both Valencia and Madrid still stand against the insurgents, though Madrid has been subjected to every known device of modern militarism. Apparently, morals still is a major factor in war.

STRICTLY AIRPLANE BUSINESS

WASHINGTON, Jan. 28—An extensive study of the aircraft and air transportation business in South America has been started here as an adjunct of the national defense program.

The study was described authoritatively today as foreshadowing government encouragement and possi-

ble assistance in improving markets which American aircraft manufacturers recently have reported are being endangered by Germany and Italy.

More than a half dozen government agencies are cooperating with the civil aeronautics authority in gathering information on the potential airplane market in Latin America.

Authorities said that sales expansion would be of benefit to the United States in checking the German and Italian trade drive there, and in providing further work for American manufacturers, thus keeping them better prepared to handle United States military orders as they materialize.

The United States last year led all competitors with sales of about \$12,500,000 worth of airplanes, parts and accessories to the 20 Latin American republics. This represented a healthy increase over the \$10,530,756 total for 1937.

"Some of the European governments have gone to great lengths in subsidizing aircraft sales in Latin America," Leighton W. Rogers, retiring president of the aeronautical chamber of commerce, reported this week.

"There are several instances where Latin American governments have been invited to buy European airplanes in exchange for minerals or commodities and we may expect further efforts to be made along that line."

THE STARS SAY:

For Sunday, January 29

SUNDAY'S HOROSCOPE is one of major importance, judging by the powerful lunar and mutual operations. This might imply a drastic, revolutionary upheaval of life, with all its angles, urges and objectives undergoing a complete and surprising about-face. The emotional or romantic elements seem primarily involved, but the auguries are for high culminations in gratification or joy in the midst of bewildering circumstances.

Those whose birthday it is should be prepared for a year of radical and surprising change. Amidst confusion and bewilderment, this native may be completely "carried away" from his old traditions, environs and experiences, with the dramatic adventure spelling much gratification.

A child born on this day will have extraordinary talents, with creative insight and ability in novel or singular directions, which may take it to dramatic heights in adventure or public acclaim.

For Monday, January 30

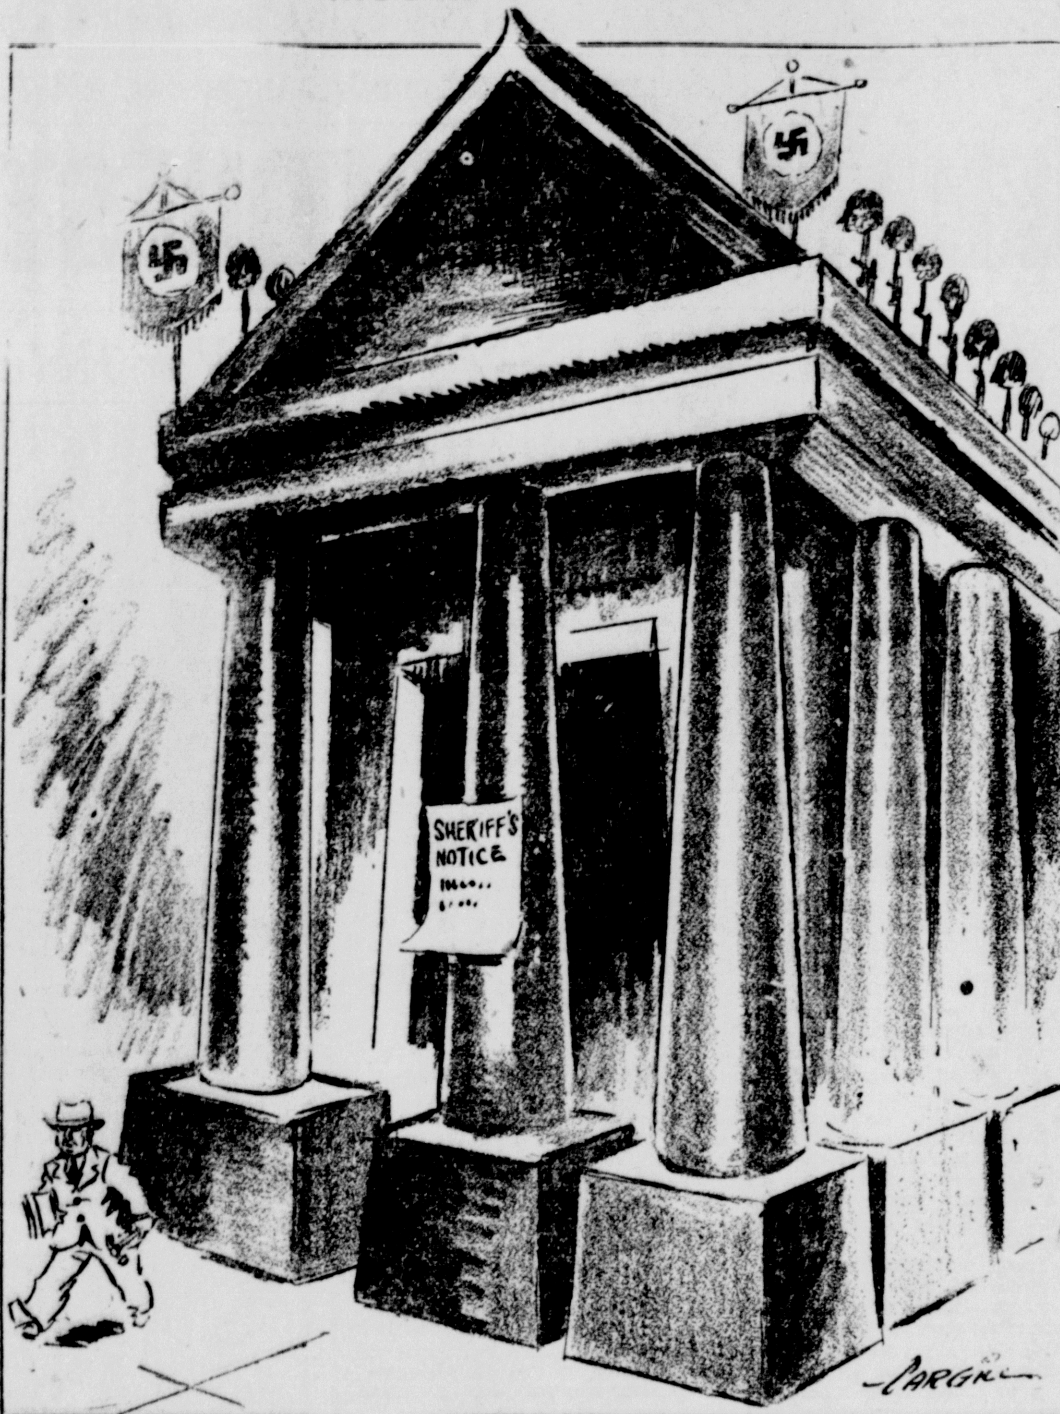

MONDAY'S ASTROLOGICAL FORECAST holds testimonies of adverse as well as benefic conditions, with much stirring to keep the day one of excitement and adventure. There may be difficulties arising from extravagance, self-indulgence, impetuosity and probable violence. This may lead to troublesome debts, quarrels, loss and litigation, with reactions on social and business standing.

Those whose birthday it is are likely to run into a year of much perturbation, tumult, strife, self-indulgence and excessive expenditures, all of which may cause loss of social and business prestige, coupled with litigation. An exciting and drastic year with squandered forces unless control and restraint be exercised is forecast.

A child born on this day will be virile, talented, but impetuous, turbulent, indulgent, extravagant and pleasure-loving, unless given early discipline and direction.

Why should the United States spend a billion dollars on defense as long as it has Harold Ickes and his vocabulary?

Fatigue Of Aged People Is Fought With Tonics

BY LOGAN CLENDENING, M. D.

PHYSICIANS and nurses who are not used to treating elderly persons often are puzzled by a peculiar state of listlessness, and mental confusion, and fatigue. There is a slight temperature and a soreness of the tongue and a general digestive upset.

This condition is well known to specialists in diseases of old age, geriatrics, and is called senile toxemia. The first symptoms usually complained of are weakness, loss of strength, treatment usually is satisfactory. The diet should be maintained whether there is appetite present or not. Bitter tonics containing small amounts of nuxvomica in gentian compound bring about a rapid restoration.

Contradictions
In the general care of the aged we meet with very contradictory advice, especially from old people themselves, who are very liable to ascribe their advanced years to

Dr. Clendening will answer questions of general interest only, and then only through his column.

some particular thing that they have been doing all their lives. For instance, William Cullen Bryant said:

"I have reached a pretty advanced period of life—78 years and 4 months—without the usual infirmity of old age. How far this is the effect of my way of life is perhaps uncertain. I arise early, at this time of year about half past five. I immediately, with very little encumbrance of clothing, begin a series of exercises for the most part designed to expand the chest. These are performed with dumbbells and pole and a horizontal bar. After a full hour of this, I bathe from head to foot. My food is simple—hominy and milk and apples for breakfast. After breakfast I walk to the office of the 'Evening Post', nearly three miles distant, and after three hours walk home. In the country I am engaged in my literary task until a feeling of weariness drives me out into the open air and I go into my garden and prune the trees or perform other work."

This may have been all right for William Cullen Bryant, but it would certainly kill most of the old people I know. The only conclusion we can reach is that William Cullen Bryant must have been pretty husky to begin with.

From Benjamin Franklin
We also have some advice from Benjamin Franklin:
"It is recorded of Methusalem, who, being the longest liver, may be supposed to have best preserved his health, that he slept always in the open air; for, when he had lived 500 years an angel said to him, 'Arise, Methusalem, and build thee an house, for thou shalt live yet 500 years longer,' but Methusa-

lem answered and said, 'If I am to live but 500 years longer it is not worth while to build me an house—I will sleep in the air, as I have been used to do.'"

Certainly Methusalem should be the best authority on the care of old age, but one wonders whether Benjamin Franklin spoke for him or not. This advice is certainly contrary to what we said earlier in the week, that the elderly should be protected against draughts and changes of temperature.

Perhaps one conclusion to the question of the care of the aged is to let them do what they want to do, because they are probably going to do it anyway.

Questions and Answers
P. Y.: "Is it true that you can get cancer from tomatoes that were cooked in a galvanized kettle?"
Answer—No. Neither tomatoes nor galvanized kettles cause cancer. Cancer occurs in animals and savages who have never been near tomatoes or galvanized kettles.

H. M.: "Does mineral oil (Russian oil) have any bad effects on the bowels or the stomach, such as ruin of the bowel muscles?"
Answer—No. Mineral oil has no bad effect on any part of the digestive tract. It is soothing rather than irritating and no matter how long it is taken, it does not leave this effect.

H. S.: "Is the continuous use of psyllium seeds likely to cause any harm? I take three teaspoonsfuls three times daily."
Answer—There are many instances of psyllium seed becoming impacted in the bowel and causing obstruction. In my opinion psyllium seed is one of the worst of the mild cathartics.

O. T. F.: "I am a woman 50 years old, and have had high blood pressure for about four years. It does not get over 180 to my head to foot. The doctor says my heart is all right. Would you kindly give me a menu for a day—breakfast, luncheon and dinner?"
Answer—In general the amount of food eaten is more important than high blood pressure than the kind of food. It is the consensus of opinion that meats should be reduced and emphasis placed on vegetables and fruits. I suggest as a menu: BREAKFAST: Grapefruit or orange or bananas, or prunes, or a pear, or an apple (in fact, any fruit); buttered toast or shredded wheat with cream and sugar; neither coffee nor tea affect blood pressure. LUNCHEON: Cottage cheese; fruit salad; any kind of cake as a dessert; glass of milk. DINNER: Vegetable soup or any cream soup; small helping of meat—fish, fowl, game or red meat; bread and butter; and two vegetables; ice cream and cake; coffee.

MEMBER FEDERAL HOME LOAN BANK SYSTEM

A Lesson From Experience

Said one of the veteran officers of a financial institution the other day:

"It's a fact that most of my contemporaries who have acquired financial independence have done so through systematic saving."

"Now and then there has been one that made a profitable investment but unprofitable investments have been far more numerous. The losses in such investments have far outweighed the profits."

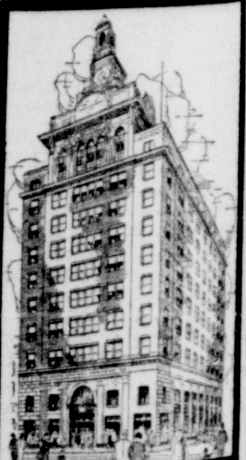

On the other hand, a saver beginning with The Home Savings & Loan Co., a half century ago, and adding to his account regularly, today would have every dollar of his principal, plus an annual return of 3% or more.

This should mean something to the young man or woman planning a financial program for the future. It's the sure way to accumulate money... the safe way... the profitable way.

Revive Use of Flowers to Dress Up Costumes

Return of the romantic fashions of the gay nineties has revived the use of real flowers to dress up costumes. Iris, carnations, sweetheart roses, violets and many other garden favorites will bloom in smart corsages in honor of Cupid's 1939 festival. The model in evening clothes wears a wristlet of gardenias, dangling a shower of tiny bleeding hearts with a matching cluster for her hair. The flowers make a delightful contrast to the lime green bengaline frock. The model wearing the bolero jacket of gray kidskin with long, matching muff, has a bird-of-paradise flower corsage, harmonizing with every color. The model with the fine navy blue twill spring suit dresses up her ensemble with a corsage of carnations in the lapel and another in the hat.

"Courting" Subject Of Emmanuel Talk

Rev. John Bauman, pastor of the Emmanuel American Lutheran church, will preach the third of a series of sermons on "Life's Adjustments" at the 10 a. m. service of the church tomorrow.

The sermon theme is, "When You are Courting." The text is written in the book of Ecclesiastes, chapter three, verses one and eight, "To everything there is a season, and a time to every purpose under the heaven; a time to love, and a time to hate."

Rev. Bauman says the church has often neglected to speak on subjects of everyday life. These subjects, in which so much time and all eternity is involved, have been left to the flippant novel, the movies, or left entirely to chance. No wonder that so often the modern marriage and romance ends on the rocks. The sermon will throw the light of God's word on this vital matter of everyday life.

Sunday school with classes for all ages meets at 9 a. m.; Lee Schaefer, superintendent. The pastor's Adult Bible class meets at 9:15 a. m.

German services at 11 a. m.

Failure As A Fine Art

"Sometime ago I read an article that carried this heading. And the phrase has haunted me ever since. Certainly, we would do well to study up on this fine art."

"Somewhere along life's path every man will meet with failure. Nobody is so strong and so wise that failure for him is simply impossible. We formulate wonderful plans. We energetically strive to carry them out. Perhaps success is almost within grasp and a factor with which we had not reckoned bobs up. All our plans and all our labors have been in vain. We must confess to failure. Over and over again it happens.

"Can we take it. Can we pick up the pieces and start all over again? Can we check back calmly and discover where we have made a mistake? Perhaps we have tackled a task beyond our power. Perhaps sinful ambition led astray. Perhaps we joined the class that rushes in where angels fear to tread." Can we dig out some value which only through failure can be made our own?

"Or do we feel that life has let us down? Do we look for somebody else whom to throw the blame? Are we so depressed that we have no courage for a fresh start?" "Taking our failures gracefully is indeed a fine art."

Services for the church are as follows:

Sunday school at 9:45 a. m.; John M. H. 11-19; Charles W. Youtz, superintendent.

"The haters of God are few in number. At least, it is a rare thing to hear any person express his hate for God. There seems to be a deep respect for God even in the minds and hearts of those from whom we least expect it. Love for God is to be something positive. Just because a person does not hate God, does not mean that he loves God. It is necessary that we declare this love for God. It is something worthless if we do not come out and publicly confess our love and then our faith in Him, who has made us and provided for our salvation through Jesus, our Saviour.

Morning worship with sermon by the pastor at 11.

"Holiness is considered by some as being sanctimonious. Between these two terms there is a wide difference. Holiness is not making a show of our righteousness. Holiness is something within that sooner or later may be detected without. Holiness is not a matter to display and exhibit. It is an attitude of life that pleases God and blesses one's fellowmen. It is impossible to be perfectly holy and sinless in this world. That perfect state is reserved for the life eternal. However, that does not hinder one in striving to have holiness in life and conversation."

Luther league at 6:30 p. m.; Alice McKenzie, leader. The devotional topic is, "Investing life in the foreign field."

Try Your Skill On Following Questions

Due to the widespread interest shown in the Bible quizzes being conducted in several of the Salem churches, The News again today presents a list of 12 questions.

3—What woman was noted for her loyalty to her mother-in-law?

4—What business woman is mentioned in the Bible?

5—Who was the first Christian convert in Europe?

6—What charitable woman was raised from the dead?

7—Who was noted for her ability to stir up wickedness?

8—What caused the first recorded church argument?

9—For what was Mary of Bethany widely known?

10—Name the most highly honored woman in the Bible.

11—To whom did Jesus say, "Wist ye not that I must be about my Father's business?"

12—Who was the first to see Jesus after the resurrection?

CLEVELAND — For 58 years County Prosecutor Frank T. Cullinan has been celebrating his birthday on the wrong date—March 5.

"A relative said he thought that was wrong, so I looked it up," he said, "and sure enough, I was born March 3. I guess maybe the fact that I was one of 13 children had something to do with the confusion."

Two of Ohio's Top-Notch Scholastic Quintets Lose Outstanding Stars Today

Commissioner Townsend Rules That Swihart of New Philly, Redding of Portsmouth, Are Ineligible For Tournament

BY FRITZ HOWELL

COLUMBUS, Jan. 28.—State championship hopes of two of Ohio's finest high school basketball teams took a nose dive today as H. R. Townsend, commissioner of athletics, ruled that the 20-year age limit rule would catch up with two outstanding athletes before the tournaments are completed.

The two stars are Charles Swihart of New Philadelphia's squad, unbeaten in 12 straight games, and Clyde Redding, all-Ohio football end and sterling basketball player for the Trojans of Portsmouth High.

Redding will be 20 years old March 1, the day before the southeastern district's tourney starts at Athens, eliminating him from further play. Swihart, a member of the New Philly team which lost the state title by a single point to Newark last year, becomes 20 on March 16, the day the state tournament starts, so he cannot play in the big classic, but may aid his team through the sectional and district games.

The state ruling is that a player is ineligible the day he reaches his 20th birthday.

Townsend announced that the 1940 tournaments would be held a week later than this season's fixtures, the delay being caused by the late Thanksgiving which extends football a week, and the advent of leap year.

In 1940, he said county tournaments would be slated for the weeks of Feb. 23-24 and March 1-2; the sectionals March 7-8-9, the districts March 14-15-16, and the state tourney March 21-22 and 23. The state tourney generally is held the third weekend in March, but will come on the fourth weekend in 1940.

With Thanksgiving coming on the latest possible date this year, football will be permitted through Dec. 2, the rules decreeing that football close the Saturday following the holiday. That would delay the start of basketball by a week, Townsend said, so he extended the season a full week to get away from curtailing the schedules.

Football practice this year will start Sept. 1, should the teams take advantage of a one-month spring practice, or on Aug. 25 if the spring workouts are held.

Townsend said that a portion of the Ohio basketball championship tournament would be held out of the state this year, while at least three schools which get their mail at out-of-state post offices would participate in the scrap for the Buckeye crown.

Preliminary games will hold their tournament at Richmond, Ind., where the Chamber of Commerce donated the use of the basketball floor. The same offer was made by Eaton, O., but the tourney was shifted to the Hoosier state because of the greater seating capacity there.

Schools which get their mail at out-of-state post offices, but will play in the Ohio tournaments, include: Chesterfield High of Morenci, Mich., the school being inside the Ohio border; Union City, Ind., and Union High of College Corner, O., the latter is governed by a joint board made up of members from Butler and Preble counties, O., and Union county, Ind., students from each county attending the school.

SALEM QUINTS WIN IN GAMES AT MEMORIAL

Althouse and Shasteen Cagers Victorious In Two Games

Two top-ranking teams of the city's Class A Basketball league registered victories in inter-city cage contests at the Memorial building gymnasium last night.

The Althouse Motors, first half champions of the Class A league's first half, defeated Canfield, 36 to 31, in the preliminary game. The Motors coasted to their victory after gaining a seven-point lead in the first half.

By periods, the Althouse cagers were out in front, 16 to 22 at the end of the first quarter, 22 to 15 at half-time, and 28 to 21 at the close of the third quarter.

Grady Scullion and Bob Jeffries shared scoring honors for the Motors with eight points apiece. Sammy Drakulich collected seven points for the Althouse team.

Taking a four-point lead in the first quarter, the Shasteen Sinclairs remained out in front throughout the remaining periods to win over Canfield without difficulty.

The Sinclairs led, 7 to 3, at the close of the first period, 15 to 10 at half-time, and 20 to 15 at the end of the third quarter.

Del Schaffer was the pace-setter for the Shasteen team, making six field goals and one free throw to score 13 points. Miskell led Canfield scoring with 12 points.

BOWLING RESULTS

Apparently it takes the Class B bowlers to show the big timers how it's done in this kegling game.

At least that would be the deduction if the record-topping performance of the Democratic team in the Class B Federal league is any criterion.

The Democrats blasted pins all over the Masonic temple alleys last night as they chalked up record single and three-game scores and one of their bowlers set two new individual marks. Needles to say, they won three games over the Ohio Edison Sales to continue in first place in the Federal circuit.

A sizzling 126 game gave the Democrats one new league record and the added honor of having turned in the highest single game rolled by any Salem team this season. Their other record came on a 2832 three-game score.

George Mitchell came near hitting the bowlers' Hall of Fame in pacing the Democrats' fine performance, rolling a record 278 game, only one frame short of perfect. Mitchell had nine consecutive strikes in making his splendid score. He combined his 278 with other games of 178 and 182 for a 638 series, which also constitutes a new high for the Federal loop.

Mitchell recorded his 278 in the Democrats' 1036 game. Other scores in this game were Eddie Blackburn, 205; George Oesch, 198; Jack Rafferty, 183 and Jess Youtz, 172.

Blackburn contributed a 605 series to the Democrats' total by rolling games of 205, 200 and 200.

In other Federal league matches, Brownies Amoco won two out of three games with the Sanitary Office, the Sanitary Shippers won two out of three from the National Brass & Copper and Meissner's Service won three games over the Eagles.

A close match between Kaufman's Grocers and the Church Budget featured activity in the Grate Ladies league at the Grate Recreation alleys last night.

The first game of the match ended in a tie, Kaufman's won the roll-off. The Church Budget came back to win the second game by three pins, but lost the third game by one pin.

The losing Grate ladies continued to hold first place in the circuit by winning two of the three games with Endres-Gross Florists, while the Modern Beauty Shop won three heats with the Unknowns in other ladies' matches.

A special match at the Grate alleys saw the Berg Bretzels of Columbiana beat a Columbus team, 2563 to 2474. Tony Baulo paced the Berg team to the victory with a 635 score.

150-Million Slash Carries In Senate By Single Vote

(Continued from Page 1)

Barkley that Mr. Roosevelt would ask for more money later.

"I'm gratified that the \$725,000,000 appropriation was upheld," commented Chairman Glass (D., Va.) of the appropriations committee, "but I don't think the money will stay long in the treasury."

Barkley and Senator McKellar (D., Tenn.), the administration's floor manager in the fight, professed to see little political significance in the vote, but other senators contended it represented a straight-out test of administration strength.

Senator Van Nuys (D., Ind.), opponent of some administration measures, said he thought the vote meant "encouragement for business."

Lauds Economy Sentiment
Senator Adams (D., Colo.), floor leader for the \$725,000,000 appropriation, called it "evidence of an awakened appreciation by congress of the necessity of economy."

Adams was asked, "Did you appreciate the help the vice president gave you?"

"Yes," he grinned, "I did."

Administration leaders, who had counted on victory until the roll call was finished, expressed particular surprise at two votes against the \$150,000,000 increase—those of Senators Reynolds (D., N. C.) and Lucas (D., Ill.). Both had been counted in the administration camp, which also had been hopeful of getting the support of Senator Davis (R., Pa.). He opposed the increase, however.

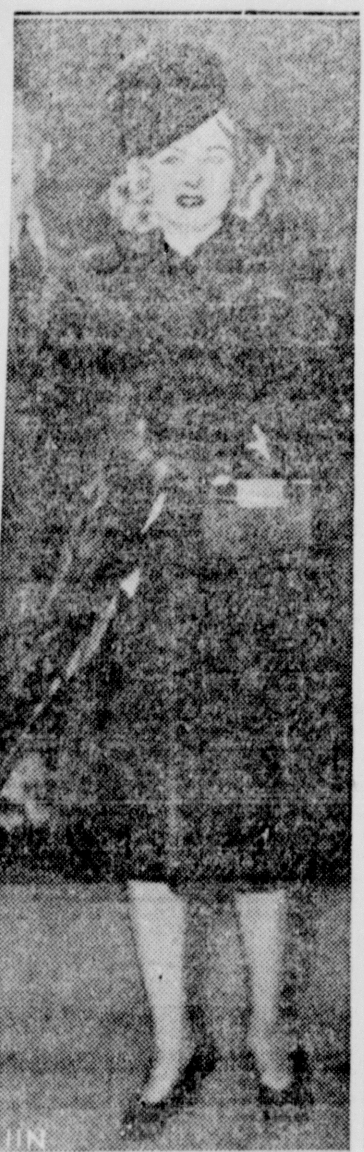

Senator Guffey (D., Pa.), an administration backer, asserted the vote was the "first Republican victory since 1928."

Most senators who opposed the restoration of the house slash emphasized that the bill prevents the WPA from dropping more than 150,000 of its 3,000,000 workers during the cold-weather months of February and March. It also contains a specific provision authorizing the President to ask for additional funds.

Brulout insisted from the first that he shot himself accidentally. Miss Hampton is shown departing from the hospital after visiting her husband.

AKRON—A barroom, complete even to snigots, bartender, and customers, and built within a gin bottle, is owned by Lute Hausman. "We don't know who made it, although my wife and I have owned the curio for the past 10 years," he said. "Someone must have spent a long time making it, because the whole thing is hard-carved."

PROSPECT, N. S.—Between 7,000 and 8,000 people lined half a mile of road here to see 125 boys contest Australia's first "scapbox derby." Twenty miles an hour was easy even for the slowest of the speedsters.

reach nine months of age, they should be protected against small-pox and against diphtheria. "The vaccination and immunization is the only method of preventing it and the diseases can definitely be prevented," the letters read.

Parents are urged to consult immediately with their own physician, who will do the work at a reduced fee. The letter concludes that "with our present arrangements, negligence of the parents is the only reason why all children do not receive this protection."

The parents are asked to fill out the enclosed card and mail it back to the health department where records of children are kept until they graduate from high school.

Reasons For Delay

If there has been a delay on the parents' part in having their children protected against diphtheria, the small pox, they are expected to state the reasons for delay, even if it is financial trouble.

A lot of work involved in checking back on the children, falls on the shoulders of Miss Frances Markovich, health nurse. Three thousand letters and cards are being sent out. Personal calls will be made only where parents are unable to pay for the treatment.

Commissioner Holzbach said the medical profession has agreed to do the work at a slightly reduced fee in order to make it available to everyone.

By the end of the year the year the health department will have checked back on all those of pre-school age, and, eventually, the pre-school clinics, now conducted, will be eliminated.

Parents of new babies will receive birthday congratulations card when the child is six months old, reminding them to have their child protected against the two diseases.

The picture will be seen at the State Sunday, Monday and Tuesday. Miss Shearer and Gable appeared together in "A Free Soul" in 1932. She as the star, he to win his first real screen distinction.

Prominent Support
Prominent in support of the stars are Edward Arnold, Charles Coburn, Joseph Schildkraut, Burgess Meredith, Laura Hop-Crews, Skeets Gallagher, Peter Willes, Pat Patterson, William Edmonds and Fritz Feld. Together with the dancing group known as Gable's Glamour Girls, comprising Virginia Grey, Lorraine Krueger, Paula Stone, Virginia Dale, Joan Marsh and Bernadene Hayes.

The girls join with Gable when he performs his burlesque act as a hooper and sings a song called "Puttin' on the Ritz."

The screen version of "Idiot's Delight" is essentially the same as the memorable stage play which starred Alfred Lunt and Lynn Fontanne, but Sherwood has taken advantage of the camera's wider range. In the picture the initial meeting of the shabby vaudeville girl and the hooper in Omaha provides a new opening. On the stage the incident could be established only by dialogue.

Meet Again
The story follows these obscure people to Europe where Gable, as the hooper, again meets the girl who has become, outwardly, at least, a countess. She is trying at the moment with a munitions maker, but she has never forgotten the fellow trapper of Omaha. War crashes into the scene and with a group of frightened travelers the two are trapped in a border town during an air raid. They realize then that nothing matters except the love that began on the road tour back in Omaha.

The Sunday program at the Grand includes "Tom Sawyer, Detective," with Donald O'Connor and Billy Cook; and "Gambling Ship" featuring Robert Wilcox and Helen Mack.

The Wednesday picture at the Grand is a mystery tale, "Mr. Moto's Last Warning," with Peter Lorre in the role of the detective Ricardo Cortez, Virginia Field, Joan Carradine, George Sanders and Joan Carol have supporting roles.

"Santa Fe Stampede" brings to the Grand Friday and Saturday the Three Mesquiteers, John Wayne, Ray Corrigan and Max Terhune.

The Roy Rogers western, "Shine On, Harvest Moon," will be seen at the Grand for the last times tonight.
